25 November 2022

Launch date of the call for proposals

6 December 2022

Online information session

16 March 2023

Deadline for submission to VLIR-UOS

Beginning of June 2023

Selection decision

Possible start of the SI project

Selected projects will be able to start as of 1 September 2023

Key features of ITP projects

- Short-term and medium-term results are to be achieved within the project duration of a maximum of 3 years, including training modules for short-term periods of a maximum of 6 months.
- Organised (i) at a Flemish HEI, (ii) in one of the 17 VLIR-UOS project partner countries, or (iii) in a hybrid format. Online and blended training can also be integrated into an ITP.
- Two types of projects are targeted in this ITP 2023 Call:
 - Academic training programmes, dealing with topics related to sustainable development challenges/ Agenda 2030/ transversal or priority themes, directed towards professionals from civil society, private or public sector.
 - Transversal organisational capacity-building training programmes, oriented towards professionals of HEIs (digitisation in higher education, change management, scientific writing, QA, how to set up an international relations office, tech transfer, etc.)
- A minimum of 8 scholarships per training edition

Target group of ITP projects

- Professionals from civil society, the private or public sector and/or academics, scientists, and researchers at HEIs with relevant professional experience in the subject of the organised training.
- Duration: 3 years
- Max. 150.000 EUR

ITP 2023 – pre-announcement

ITP 2023 Timeline

12 December 2022

Launch date of the call for proposals

15 December 2022

Online information session

29 March 2023

Deadline for submission to VLIR-UOS

End of May 2023

Selection decision

Possible start of the ITP project

Selected projects will be able to start as of 1 September 2023

2022 ongoing projects in Cuba

List of ongoing projects in 2022						
Type	Runtime	Title	Flemish promoter	Local promoter	Local institution	Total budget (€)
IUC	2019-2022	Institutional University Cooperation with Universidad de Oriente (UO) (phase 2), followed by a Phase Out 2022-2024 (2y)	H. Sahli (VUB)	T.O. Ratón	Universidad de Oriente	515.000
Networks	2019-2022	Network ICT (phase 2), followed by a Phase Out 2022-2023 (1y)	A. Nowé (VUB)	H.C. Enriquez	Universidad Central "Marta Abreu" de las Villas	270.000
